

The NJLCA has teamed with PLANET for the nationwide PLANET Day of Service on Thursday, April 22, 2010 at Eisenhower Middle School in Wyckoff, NJ.

Would you like to volunteer your knowledge and skills for a good cause to benefit NJ youth; gain valuable tax write offs for material and labor donations; use this project to teach employees new skills in a non-competitive environment?

As part of a student-submitted proposal, the NJLCA is recruiting members to assist on the nationwide PLANET Day of Service of creating a sustainable green education courtyard at Eisenhower Middle School, Wyckoff, NJ. The courtyard will be used for outdoor science education exploratoriums and investigations related to sustainable development. The winning idea addresses sustainable agriculture, xeriscaping, watershed management, and the use of landscaping to reduce the urban heat island effect.

The project volunteers may be company owners, employees, and others. Additional labor and assistance may be available from the students and educators benefiting from the project.

You will have the opportunity to showcase your abilities, complete lasting improvements, and give back to NJ youth. In addition, you have an excellent opportunity to broaden your employees' skills, improve your portfolio, and increase your customer appeal. All participants will be recognized in our newsletter and will receive a t-shirt. [NJLCA and PLANET will arrange for ample media coverage of this event!](#)

Sponsorships are also available, please contact the NJLCA office.

Top 10 Reasons to Participate in the PLANET Day of Service

- 10. Join your fellow green industry professionals on Earth Day, April 22, 2010 for a day of giving back to local communities around the world.
9. Raise awareness about the lawn care and landscape profession.
8. Be a participant in this nationwide event. Last year over 280 projects were completed by over 2,000 volunteers in 43 countries!
7. Show your commitment to a great cause.
6. Foster teamwork among your comrades.
5. Be recognized as a leader in community service.
4. Demonstrate goodwill and environmental stewardship.
3. Revitalize the places where people live, work, and play.
2. Become part of the foundation that builds an international movement to improve the world's green spaces.
1. Impact the quality of life in your community.

If you are interested in joining us on the 2010 PLANET Day of Service, please fill out the form below and fax to (201) 703-3776 or contact NJLCA at (201) 703-3600 or info@njlca.org.
