Executive Order Details You Need to Know

The NJLCA has received the following clarification from the Governor's Office on Executive Order 122 regarding non-essential construction.

- **Maintenance including cutting grass, weed wacking and leaf blowing (including cleanups)** - OK to continue
- Install patios, walkways, pools, etc – NOT PERMITTED, unless project has begun before Friday at 8:00 pm or there is an emergency fix to the front walkway
- Install plantings, including flowers and shrubs – OK to continue
- Install irrigation systems – NOT PERMITTED, unless project has begun before Friday at 8:00 pm. System startups and emergency repairs are permitted.
- Perform pruning and trimming - OK
- Provide weed and pest control services - OK
- Put down mulch or top dress - OK
- Install sod or seed lawns – OK (however, note that irrigation systems cannot be installed, so this would be at the discretion of the company if they can properly irrigate).

In addition, there is a limit of 5 crew members on site at all times. Masks (or some type of facial covering) and gloves must be worn and provided by company to employees. Start times and lunch times should be staggered to avoid employees having close contact. Previous social distancing rules still apply. Must keep six feet apart at all times except when they must do something together.

It is extremely important to follow these rules so as to not lead to disruption in the industry. Do your part and show your professionalism!

Reminder: Guidelines One-Sheet - in English and in Spanish

To encourage more to abide by the rules of the road (the current ones!), we have created the following one-sheet documents.

Please post them in your shops, at your counters if you are a vendor and share them with all of your employees.

We will get through this, but need to proactively
Contractors’ Guidelines

- Wash your hands often with soap and water for at least 20 seconds
- Use hand sanitizer if soap and water are not available
- Avoid touching your eyes, nose, and mouth
- Keep a minimum 6 feet distance between you and others (Including in vehicles)
- Stay home if you're sick
- Wear a facemask and golves if you must be within 6' of others
- Clean and disinfect vehicles and hand tools
